

# Paint Parties - information

You supply the people; I supply the fun and materials.

I conduct ability-appropriate painting parties for all ages and stages. These special occasions are designed to provide you and your guests with an opportunity to celebrate in a fun and memorable way.

## Why?

Hens' night, birthday, why not...

If you're looking to make your child's next birthday party fun and arty, then get in touch with me. My painting parties are hands on, and every child goes home with their own masterpiece based on your chosen theme.

## How It Works

You choose the image/theme we will paint (I provide a selection for YOU to choose from, or we can discuss another image. This is done well in advance).

Your party can either be held in my studio in North Queensland OR I'll come to your house or event location. We will have a wonderful time creating artworks with my step-by-step introduction and assistance.

Everyone paints the same thing, but each painter uses his or her imagination to add his or her own elements. Additionally, each painter will be thrilled as they go home with their own gorgeous masterpiece on canvas.

## On the Party Day/Night

I will arrive at the party location approximately 30 minutes early to set up. Once all your guests arrive, I will begin the painting session right away. If you want to have breaks for refreshments, that's fine.

## What I Provide

- Canvases
- Quality acrylic paints, palettes and brushes
- Painting entertainment
- Aprons for everyone to wear
- Tablecloths to protect the table from spills

## What you provide

- Guests
- Party food and drink
